

### **Golf Carts, Animals, At Festival**

Due to safety issues as well as trying to help control congestion, the Kolache Festival Association does not provide golf carts to anyone except for festival staff. Persons with handicap needs can use a golf cart downtown on that day.

All carts require a special permit, which is \$20, and must be purchased from the Kolache Festival office. Only Handicap Permits will be issued, and an official handicap permit must be shown as proof. All drivers of the carts must have a state driver license.

The Prague Police Department will monitor strict enforcement of driving rules. No 4-wheelers allowed in town during the festival and no golf carts without special permits.

Handicap persons can contact the festival office at 567-4866 for further information.

Public parking is designated at the Middle School and High School parking lots with free shuttle service by the senior center van from 9:00 a.m. to 6:00 p.m.

Also, citizens are asked not to bring their pets to town during the Kolache Festival, not even on a lease, for the protection of the crowd as well as the animal.
